Ernst Keidel, Laurie Burpoe, Kathy Ryan, Mr. & Mrs. Basile, Colin Frost, Keith Clark, Mr. Esposito, Bob & Judy Jackson, Neil Brayman, Jesse Roy, Kendal Craig**

**MINUTES:**

**Motion by Craig DuMond to accept minutes as presented, seconded by Jeri Brayman, all in favor carried.**

**FLOORTIME:**

**Kris Mott spoke on a barking Dog next door to her and that she has filed several complaints with Ted Tiska and nothing has been done and wondered due to Ted leaving as Dog Control when the Town would have a new one. Mike said he has couple of people interested and should be very soon. Mike also said he will see if another Town might be able to help us out, until our Town appoints a Dog Control Officer.**

**Kris Mott also asked about the sluice that has washed out at the end of the driveway. Chuck said you need to divert the water first, and then the Town will fix it again.**

**Nick Genovese said County Rt. 20 looks great nice job but just wondering about the hill and said the road is already breaking up. Nick also asked about McMullan Road and markings that are on the road. Chuck said that they did not mark the road and is not sure if they will get to it this year or not.**

**Jesse Roy spoke on Cole Road and how bad it is. He asked when the Town was going to get in touch with the people responsible for this and to get it fixed. Chuck said he was in touch with and met at the site with the owner of the company. He was to hear back from him this evening, but did not. He will call him again. Chuck does hope it gets done before winter.**

**Kathy Ryan has concerns with Steam Mill Road. She asked Chuck when something would be done to fix it. Chuck said he has plans this month to fix Steam Mill Road.**

**Kathy Kolopchin asked about Carol Bowker being on the advisory committee for the pipeline and asked what she would be doing. Mike said that the Constitution Pipeline will be picking 3 names from the group that that was submitted from the County. They will be the ones that will be approving the grants.**

**Steve Tiska spoke about an Ethics Committee that the Town last had in 1995 and was wondering if the Town needs this and should they form one.**

### **HIGHWAY REPORT:**

**Stone and oiled Teed Rd and part of Pine Swamp**

**Finished with crusher run on Beals Pond and Axtell Rd and the last part of Pine Hill**

**Gave Mike Checks for sold surplus items totaling \$5352.00**

**Ditched Finerty Rd, tore up the hill resurfaced with milling from NYSDOT**

**Installed several pipes under roads & driveways**

**Shoulder and ditched Shears Rd.**

**Prepared Town Hall parking lot to be paved**

**Replaced several Street signs that were missing or damaged**

**Steve Roff asked why the chipper was outside right after it was painted. Chuck said there was no room to store it under cover, but will be in soon.**

**Mike said he met with Steve who is the Field Coordinator for the Finger Lakes Trail. They discussed the Church Street Bridge repair. They agreed that the FLT would supply the new materials for walkway and the Town would install it. Mike said that hopefully this would be accomplished in the spring.**

#### **NEW BUSINESS:**

**Mike said that Betty has been working with him on getting lower Health Insurance premiums for the Town. They will be able to maintain the same insurance coverage that the men have now at a much lower price. They are waiting on the vision and dental now to see if it all works out. It will then have to be approved by the union.**

#### **COMMITTEE REPORT:**

**Craig read the CEO report for the month of August.**

**Jeri reported that the historian bought 19 new flag poles for the Town and they are tangle free poles.**

#### **SUPERVISORS REPORT:**

**Mike spoke on the building and said that the only thing left is getting the planter finished. It would include shrubs and flowering plants to dress up the front of the building. Mike also said he was going to look into BOCES and see if they would design and install it.**

**Mike said at this time the County is slow and has nothing to report of any consequence.**

**Mike said that the Town had an inspection from the County Board of Elections. They received a written complaint that it was not handicap assessable. Mike said the Board of Elections took pictures, checked the angle of the ramp and measurements for heights of rails and sinks etc., etc. When they were finished, they said our Town Hall does not have any problem at all, and is the most Handicapped assessable place in the County.**

**Motion was made by Craig DuMond to pay all audited bills, seconded by Betty Scott, all in favor carried.**

Tom Shepstone.**

**MINUTES:**

**Motion by Craig DuMond to accept minutes as presented, seconded by Betty Scott, all in favor carried.**

## **FLOORTIME:**

**Tom Shepstone did a presentation and had a slide show of gas drilling. Tom spoke on many topics about moratoriums and how they work. He said that there are a lot of people out there stating one must be put in place, but the New York State Supreme court Judge ruled against a moratorium that a Town had passed. In Toms mind the judge is correct in his ruling. The floor was opened for questions. Nick asked about what would happen to housing prices if drilling would be approved. Tom said that they would rise, but it would take time. Marie spoke about her concerns on the moratorium. Tom said you can take whatever concerns you need to do without a moratorium. Curt spoke on a road use agreement with weight restrictions. Craig said that can be done any time. Steve Roff said that if a law were to be put in place on this you would need to enforce it. What would happen to the quarry trucks septic trucks, timber, etc. etc.? Tom Khler feels that a Road use law would be #1 priority for Towns to do. Kendel asked where the water comes from for fracking and where does it go. Tom said from the river and it gets pumped down, then is returned up to the surface and gets recycled. Any gas is released and the water is purified and reused. Tom Khler asked if the comprehensive plan were to be done again and sent back out would people still say yes. Marie asked if anyone went to the Afton meeting. Mike said no, but that there were several similar meetings to get information from, of which he has been to several. There is no need to go to all of the meetings as they are repetitious. Jeri Brayman said she went to PA and spent 6 hours in Dimock, Pa. She spoke with many people and did not receive negative reports from anyone that lived there.**

## **HIGHWAY REPORT:**

**Stockpiling donated stone for Steam Mill project**

**Used millings to repair parts of Foster and Clark roads**

**Second round of roadside mowing is complete**

**Future plow truck was sent out to be built**

**Finished oil and stone on Morman Hollow, Rt. 206, end of Church Street and repaired spots on Butts Road**

**Gravel to seasonal part of Steam Mill to cover sharp rocks in the road surface is being worked on**

**2006 truck repairs, rear suspension, fan and sand conveyor**

**\$1152.50 received for sold surplus items**

**Chuck reported the Cole road is to be paved this week by Lancaster and that County Rt. 20 sign is up**

**Jesse Roy spoke on his concerns with Cole Road and hope they fix it right.**

**Kathy Kolopchin said that the stop sign fell done at the end of her road. Chuck said ok.**

**Tom Khler spoke on the Church Street Bridge and said we did a great job on getting it fixed.**

## **NEW BUSINESS:**

**Mike said that the Town must replace all the Towns radios from broadband to narrow band. Mike said this is another unfunded mandated law that was passed to all the Towns. Mike said the Town has 3 radios that will adapt to the new bandwidth, but we will have to buy 9 new ones. The Federal regulation mandates that it must be in operation by 01.Jan. 2013Mike said the Town has found a new dog control officer Mike Ellis. He will give all the info to the webmasters to post. His contact number is 265-3420**

### **COMMITTEE REOPRT:**

**Craig read the CEO report for the month of September.**

### **SUPERVISORS REPORT:**

**Mike said that Time Warner notified him that there was a breech in the Towns phone system. There were several thousand dollars in overseas calls that were made in the middle of the night. They said that the Town owes them that money. Mike told them that the Town never makes overseas calls, and it was not our responsibility. He told Time Warner to put a block on all overseas calls. He had them get in touch with the phone company that did the installation, and after swapping some secret codes, they figured the system was hacked. This resolved the problem and the Town was absolved of the extra charges. The Town cannot make any overseas calls, not that we ever did anyhow.**

**Mike said he spoke with BOCES and they are willing to plant and fix up the garden around the flagpole. The Town will buy the shrubs and get topsoil and mulch and BOCES will do the rest. It should be completed in the next few weeks.**

**Mike said that NYC wants to purchase 36 acres of land on Herrick Hollow Road. It will be open to hiking and hunting.**

## **RECOMMENDED MOTIONS:**

**Mike spoke on the budget and said that when they first started working on the budget, it would have had an increase of about 18%. After several months of work, they were able to decrease it to a 4.6% increase.**

**Mike said that the Town will have to pass a local law on a Tax Cap Override and said that the increase to the property owner will be .26 for every 1000.00 of assessed evaluation. It would mean for a \$100,000 assessment on the property, you would have a \$26.00 increase in property taxes.**

**Everett said that their Union Rep. recommended that the Town keep the same amount of money in the budget for the insurance they currently have. They will be getting a new insurance co. soon. Everett said that it won't be as low as the new insurance that was priced, but would be lower than what they have now. Mike said the budget is already done and the insurance is in the works. Craig said if anything changes it would have to be when the contract comes up.**

**Steve Tiska asked what road projects does Chuck have for the budgeted highway monies. Craig said that there are plans for that money but that could change at any time due to needs of other roads. Mike said a plan will be submitted by next month, but with the caveat that throughout the year due to weather etc. things could change.**

**Nick Genovese asked what the line items in the budget meant for, “personal and contractual”. Mike said personal is the salary and contractual is the spending allowance for items needed for the year.**

**No other questions were asked.**

**Public Hearing closed at 7:42 and the regular meeting was opened.**

**Motion by Craig DuMond to accept to minutes as corrected, seconded by Betty Scott, all in favor carried.**

### **FLOORTIME:**

**Curt Christensen spoke on the letter that went out to all property owner about NYC getting easements on lands and what the rights as a property owner would be if said property owner agree to this. Mike said that owners would be giving up their rights to develop on their own land, except for whatever was agreed upon with the City. Mike also noted that whoever does assign their property rights to the City, cannot nullify the contract. He advised that you think long and hard about that before signing anything.**

**Robert Beards congratulated Mike, Craig and Steve on the Election. He also said that they had run a good clean campaign and had 1/3 of the people supported them.**

**Tom Klehr thanked everyone involved who helped fix the Church St. Bridge.**

### **HIGHWAY REPORT:**

**Repaired several pipe headwalls around Town.**

**Mowing brush with the boom tractor.**

**Ditched and graveled portions of the seasonal part of Steam Mill Rd.**

**Provided traffic control for paving on Cole Road. This was damaged in March and was repaired by the contractor who damaged it. The project was over \$20,000.00 to repair at no cost to the Town.**

**Cleaned and serviced the shop furnaces.**

**Excavated part of Steam Mill on the paved area. In order to finish the repair next spring, the Town had to put in a new stone base in place and surface it with crusher run, which should last for many years.**

**We had an incident while working on Steam Mill Rd. causing over \$17,000.00 of damage to the 2006 dump truck. This was an insurance claim. We hope to have it back toward the end of November.**

**Unplugged pipe that drains East Masonville Pond just before storm, this was preventative maintenance before storm hit.**

**We sold at auction, the old surplus tractor for \$4,550.00**

**Mike said that if there are any problems or concerns with the roads or the Highway Dept. to please call Chuck direct, he will be able to answer any of your questions.**

#### **COMMITTEE REPORT:**

**MINUTES:**

**Motion by Craig DuMond to accept the minutes as presented, seconded by Jeri Brayman, all in favor carried.**

**FLOORTIME:**

**Steve Tiska asked about the seasonal road ad and said that some of the signs did not match the ad. Chuck said the ad is right and that he needs to get stickers to fix all the signs.**

**Steve Tiska asked who owns the Church Street Bridge. Mike said the Town does and it is covered under the Town's insurance policy.**

**Collin Frost Spoke on the Highway man and said that they go above and beyond their job description. They do so much for the Town he feels that changing their insurance to take away from them is not a good idea. Mike explained that the new insurance cost much less and is basically the same for the men. There is very little difference from the old policy. Mike said that he knows they do a great job, because he worked together with them for the better part of a year. They do so much more than the Towns people know of and never get the credit for it.**

**Neita VanValkenburg wanted the public to know that the Church holds a Food Pantry on Wednesdays from 1:00 to 3:00 PM.**

### **HIGHWAY REPORT:**

**Preparing equipment for Winter**

**Plowed and sanded a couple of times**

**Mowing brush with Tractor**

**Ditched then resurfaced Dry Brook Rd**

**Added more gravel to seasonal part of Steam Mill Rd**

**New mandated two way radios have been installed in most of the equipment**

**Temporary patch on rough areas of Roof, Pine Hill #1 and intersection of Ivanhoe and Teed roads**

**We are posting the 2013 projects that may be worked on pending weather conditions and finances will be:**

**McMullen and Hellerud roads / Pug mill pave**

**Finnerty Rd., Foster Rd., the Hill of Steam Mill Rd. closer to Rt.206 and at end of Beals Pond Rd. at Rt. 20 , are to be oil & stoned.**

**NOTE: THAT FEMA AND CHIPS PROJECTS MUST BE COMPLETED BEFORE . THIS WORK CAN BEGIN.**

**OLD BUSINESS:**

**Mike said the Radios are installed in most of the trucks and all should be completed by the 1<sup>st</sup> of the year as per the mandate.**

**COMMITTEE REPORT:**

**Craig read the CEO report for the Month of November.**

**SUPERVISORS REPORT:**

**Mike said the County Budget has been passed with a 3.9% increase and said they Budget Oversight Committee brought it down from the Preliminary Budget that was 4.8 %.**

**Mike said that Social Service budget is totally out of control with abuse and unregulated benefits (again from unfunded mandates). Mike said that he was the only one of the Supervisors who voted against the County budget. Mike said that he plans on trying to form a coalition of Counties to try and stop the State's unfunded and partially funded mandates. These mandates are what are causing the most problems for the County and Town to keep their budgets down.**

**Mike asked that on December 7<sup>th</sup> that the Flags be at half-staff for Pearl Harbor Day.**

**MOTIONS:**

**Upon recommendation of the Town Supervisor: the Town Board approves a transfer to fund the Highway budget as follows: To provide funds necessary to complete the plow truck refurbishment to be appropriated equally as follows:**
